# MADE IN NY (WITH ORANGE JUICE)

Thursday May 16, 2013 | 6:30 - 8:30 PM

The Lounge @ WeWork | 154 Grand Street, NYC

Join us for a reception at The Lounge @ WeWork, a collaborative work space supporting NYC's start-up community. Network with Dean Liz Liddy, SU alumni, faculty, iSchool Board of Advisors, and a unique group of students participating in the iSchool's EntreeTech NYC program. This week-long immersion class introduces students first hand to the start-up and tech scene in NYC, through visits and meetings with entrepreneurs, venture capital firms and incubators.

A short program will feature some of SU's innovative alumni who are contributing to NYC's digital landscape and entrepreneurial culture, Made in NY. Come socialize, share your experience, and learn more about how SU and the iSchool are giving students a jump-start into the world of business and technology innovation. Enjoy food and beverages on us!
